

COMPANY PROFILE

Sin Choong Yan Woodwork Sdn Bhd

Sin Choong Yan Woodwork Sdn Bhd (formerly known as Sin Choong Yan Trading) was established in 1991. Over the past decades, we have been manufacturing a wide range of wood-based products to meet our customers' needs with exceptional quality. Our core purpose is to provide a one-stop solution to our customers who look for product with competitive price without compromising quality.

OUR STORY

We are specialized in crafting doors for both residential and commercial use, with highly customizable door spec, we provide options that meet our customers' needs. Apart from having a dedicated and experienced team, we invested substantially in machinery and automation to ensure consistency and efficiency in producing outstanding products.

WHY US

OUR VISION & MISSION

Vision

To be a one-stop solution provider for commercial and home fixtures of wooden products.

Mission

To ensure customers' satisfaction has always been our utmost priority. Our team strives to work together to provide quality products at a competitive price and to ensure timely delivery of products to our customers.

Our management upholds the corporate quality goal to ensure that our products are in their best quality to satisfy customers' expectations. We are fully committed to our quality policy that starts and ends with the customer as a focal point.

Our Quality Policy

- Provide products and services that meet the needs of our customers and exceed their expectations.
- Satisfy our customers with on time delivery and optimal solutions.
- Committed to satisfy applicable requirements.
- Continually improve the Quality Management System to ensure quality at every stage.

MANAGEMENT COMMITMENT

OUR PRODUCTS

We offer an extensive variety of doors, ranging from decorative solid wooden doors, modern flush door, moulded skin door, water-resistant door, etc. Besides, we also specialize in manufacturing wooden home decorative products such as staircase handrailing, architraves, floor skirting, and wooden frame.

To meet the increasingly popular demand for building safety, we have introduced certified fire-resistant doors in our products line-up. Our fire-resistant doors have been tested and certified to meet the industrial standards and have been used in various projects with building safety requirements.

To be a one-stop solution provider, we offer optional final touch services on our products such as planning, painting, shellac finishing, door fixing as well as ironmongeries and accessories on client's requirements to best fit their needs.

We have been accredited with ISO 9001:2015 Quality Management System demonstrating our commitment to outstanding product quality, customer service, and process improvement.

OUR CUSTOMERS

We worked with construction contractors by supplying to esteemed commercial, residence, and government projects in Malaysia and some overseas markets. Through trading partners we have expanded our product outreach to markets such as India and UAE. Locally, we supply to end users via hardware dealers and residence owners directly.
