Revised edition no: 03

P-706 GEAR OIL EP 90 GL-5

Effective Date: 28.12.2022

Identification of the Product and the company

Chemical Name : Gear Oil EP-90 GL-5

Type of product chemical family : N/A Use : Gear Oil

Producer : TLC-KOYA CHEMICALS MANUFACTURING SDN BHD

No.22 & 23, Jalan Maju 1, Cemerlang Industrial Estate, 81800. Ulu Tiram, Johor, Malaysia.

Tel: 607-8675798 Fax: 607-8675799

Emergency phone no : See producer

2 Hazards Identification

Classification of the mixture: Not Classified

GHS label element

Signal Word: No signal word

Hazard Statement: No known significant effects or critical hazards.

Precautionary statements:

Prevention Not applicable Response Not applicable

Storage Store in well-ventilated place

Disposal Dispose of contents and container in accordance with all local, regional, national

and international regulations

3 Composition / Data on Components

Chemical characterization

Description:

- A preparation based of Mineral oil : 92%
- Hydrolytic stable anti-wear agent lube oil additives : 4%
- Blend of ashless EP additives packages : 4%

4 First Aid Measures

General information : No special measure required
After inhalation : No special precautions necessary.

After skin contact : Generally the product does not irritate the skin.

After eye contact : Rinse opened eye for several minutes under running water.

After swallowing : If symptoms persist consult doctor.

5 Fire Fighting Measures

Suitable extinguishing agents : CO2, sand extinguishing powder. Do not use water.

For safety reasons unsuitable extinguishing agents: Water.

Special hazards caused by the material, its products of combustion or resulting gases: Carbon dioxide (CO2)

6 Accidental Release Measures

Personal precautions : Not required.

Environmental protection : Do not alow to enter sewers / surface or ground water, Cleaning / collecting : Absord with sawdust, sand or solvent-binding material.

7 Handling and Storage

Handling

- Information for safe handling : No special measures required.

- Information about protection against explosions and fires : No special measures required.

Storage

- Requirements to be met by storerooms and receptacles : Observe all storage regulations

- Information about storage in one common storage facility : Not required.

- Further information about storage conditions : Protect from frost and direct sunlight.

Storage class

- Class according to regulation on flammable liquids : Void.

8 Exposure Controls and Personal Protection

Additional information about design of technical system : No further data; see section 7

Components with limit values that require monitoring at the workplace

- Additional information : The lists that were during the creation were used as basis.

- Personal protective equipment : General protective and hygienic measures

- The usual precautionary measures should be adhered to when handling

chemicals.

Breathing equipment: Not required. Protection of hands: Oil resistant gloves.

Eye protection : Safety glasses Body protection : Protective clothing.

9 Physical and Chemicals Properties

Appearance : Liquid
Colour : Grey brown

Specific Gravity : 0.87-0.88 @ 28.9°C Viscosity : 190-260cst @ 40°C 300-380cst @ 30°C

10 Stability and Reactivity

Thermal decomposity / conditions to be avoided : No decomposition if used according to specifications.

Dangerous reactions : No dangerous reactions known.

Dangerous product of decomposition : Sulphur dioxide.

11 Toxicological Information

Acute toxicity

Primary irritant effect

On the Skin

: Prolonged and / or repeated skin contact may defat skin and possibly

cause dermatitis.

On The Eye : No irritating effect.

Sensitization : No sensitizing effects known.

Additional toxicological information : When used and handled according to specifications, the product does not

have any harmful effects according to our experience and the information

provided to us.

12 Ecological Information

General notes : Water hazard class 1 (Self-assessment) : Slightly hazardous for water.

Do not allow product to reach ground water, water course or sewage

system.

Danger to drinking water if even small quantities leak into the groud.

13 Disposal Considerations

Product

Recommendation : Must not be disposed of together with household garbage. Do not allow

product to reach sewage system.'

Waste disposal key Uncleaned packagings

Recommendation : Disposal must be made according to official regulations,

14 Transport Information

Transport / Additional information : Not dangerous according to the above specifications.

15 Regulations

Markings according to EU guidelines : Observe the general safety regulations when handling chemicals.

The product is not subject to identification regulations under EC Directives

and the Ordinance on Hazardous Materials (GetStoffV).

National regulations

Classification according to VbF : Void

Water hazard class : Water hazard class 1 (Self-assessment) : slightly hazardous for water.

16 Other Information

Further information : None
