P-148 RAIN EXIT	Effective Date: 1.9.2023

**Description:**

P-148 Rain Exit seals the microscopic pores of galss with a super-slick, non – stick invisible barrier that repels rain, sleet and snow on contact. Raindrops bead up and are blown away by the aerodynamic wind flow from driving, improving all weather visibility, safety and driving comfort. The Rain-exit treatment also makes for easy removal of frost, ice, salt, mud and bugs.

- Dramatically improving wet weather driving visibility.
- Apply to exterior glass, windshield, exterior side and rear windows, fog lights and headlights
- Repels Rain, sleet and snow

**Direction For Use**

- 1) Clean surfaces and let it dry thoroughly before treating
- 2) Apply at temperatures above 40°F, apply Rain-Exit by a small, folded, dry cloth and wipe onto exterior glass using a firm, circular and overlapping motion.
- 3) Allow to dry until slight haze appears. Remove haze with dry cloth or by sprinkling with water and wiping with paper towel until crystal clear.

**Safety Precaution**

Avoid prolonged contact with skin or eyes. If accidentally in contact, flush immediately with plenty of clean water.

**Storage**

Store in cool place and away from direct sunlight.

**Packing**

250ml

**Note**
