Up to  
2

2 Wire\*

Main Monitor Station  
VL-MVN511

5-inch  
Wide Screen

\* Easy installation by simply replacing existing doorbell unit Nonpolar 2-wire system.

[Power source]  
VL-MVN511: 24 V DC Power supply unit (supplied)

### Smartphone Connect<sup>\*1</sup>

You can use your smartphone or tablet as a sub monitor to respond to visitors and unlock electric locks no matter where you are in the home.  
You can also monitor door station images when you want to check the door entrance.

Answer Visitors and  
Unlock the Electric Locks

Monitoring

### Wireless Network Connection

In addition to smartphones/tablets, the main monitor can also wirelessly connect to the wireless router for easy connections without a cable.

### E-mail Notification<sup>\*2</sup>

The main monitor can send e-mail with a time stamp and image of visitors to e-mail addresses registered in advance, enabling you to check who has visited when you are outside the house (even when you are overseas).

### Other Features

- Free application\*  
Compatible mobile devices (As of October, 2019)  
- iPhone and iPad (iOS 9.0 and later)  
- Android™ devices (Android 4.0 and later)
- Electric Lock Release Support: VL-RLY1 (12 V AC/DC, less than 1 A)
- Picture Recording (Up to 50 visitors (up to 8 still images per visitor))
- Night Vision (white coloured LED lights)

### PBX

This image shows  
the KX-NS500.

Connectable PBX Model Numbers  
KX-TDA30/100/100D/200/600 series  
KX-TDE100/200/600 series  
KX-NS300/500/700/1000 series

Please consult your dealer when  
connecting with a PBX.

<sup>\*1</sup> The main monitor must be on the same home wireless network as the smartphone/tablet (with the dedicated app installed). It is also necessary to run the dedicated app in order to receive visitor's calls on a smartphone/tablet.

<sup>\*2</sup> To use this function, a main monitor with e-mail sender information registered must be connected to the internet. E-mail may not be able to be sent, depending on the condition of the network.

<sup>\*3</sup> These products may not be available in some countries.

## Entry Series

Video Intercom System

# VL-SV30<sup>CX</sup>

3.5-inch  
Wide Screen

Door Station  
VL-V566

Up to  
2

2 Wire\*

Main Monitor Station  
VL-MV30

\* Easy installation by simply replacing existing doorbell unit Nonpolar 2-wire system.

(Power source)  
VL-MV30: 220-240 V AC, 50/60 Hz

### 3.5-inch colour TFT LCD

This monitor features a 3.5-inch wide LCD. As the monitor, it lets you clearly identify visitors.

### Night Vision (IR-LEDs)

You can check visitors even when it's dark outside.

\* The actual colour displayed on the monitor may change depending on how dark it is outside.

### Picture Recording

Up to 30 visitor images are automatically recorded and saved. You can check them when you return home.

### Other Features

- Electric Lock Release Support (Door Opener)

### Options

Door Station (Doorphone)
