# INSTANT

QUALITY & STRENGTH YOU CAN TRUST

# RIGHTDECK

Low Level Access Platform

## Key Features

- One person operation
- One complete unit (no pins, clips or components to lose, damage or forget about when assembling)
- Simple to assemble and dismantle
- Easy transportation and storage (can even be transported by car)
- Compact dimensions allow the platform to be moved from room to room while still assembled
- Can accommodate two people
- Multiple working heights
- Fully guarded to ensure user safety at all times, at all heights
- Maximum working height of 3m (9.8ft)
- Safe working load of 200kg (440lbs)
- Access and egress from either end of the platform
