What We Do

ANIRES TECH is a sole distributor for industrial testing equipment and measurement instruments in Malaysia and South East Asia.

We supply various high-tech innovative products to various industries including but not limited to Handheld XRF (x-ray fluorescent), X-Ray Survey meters, X-RAY for Gold checking, X-Ray for Coating Thickness Measurement, X-ray for inspection, Air Leak testing, NDT Eddy Current for Hardness testing, Flaw testing and Crack Testing, Aviation NDT Probes, Aviation transducer, Aviation NDT Standards, Laser Engraving, Laser Marking and Laser cutting equipment.

In addition to that, we also carry other products such as equipment for Dust control, Static control, Ferrite Measurement (Feritscope), SF6 Gas Leak Detector, Video Measuring Scope, Profile Projector, etc.

Leak Test Specialist

- Differential Pressure Testing
- Pressure Decay Test
- Vacuum Testing
- Occlusion Testing
- Chamber Test
- Occlusion Test
- Burst Testing
- Functional Test

Leak Testers For Packaging

- Non-Destructive testing for
- Pharmaceuticals, Medical Devices and Food Packaging

Gas Leak Detectors

- SF6 Gas Leak Detector - Q200
- SF6 Portable Multigas Analyser
- SF6 Gas Recovery Bag
- Helium leak bottle new / calibration

Eddy Current Testing

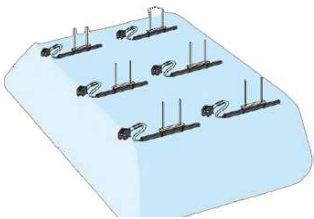

- Hardness Testing
- Flaw Detection
- Crack Detection

VIEW- Optical Metrology Systems

- Visual inspection
- Measuring Microscope
- non-contact measurement systems
- Profile projector

Anti-Static & Anti-Dust Devices

- Dust Control (No wind)
- Static Control

Precision Inspection Systems

- X-ray Inspection system
- JewelBox 90T
- JewelBox Ultra Compact

Coating Thickness Measurement

- X-ray Fluorescence
- Eddy current
- Magnetic Induction
- Hand-held
- Holiday Detector

Gold Check / Material Analysis

- X-ray Fluorescence
- Karat Analyzer
- Densi-Meter
- Hand-held XRF

Calibration Standards

- Plated and Foils

Survey Meters

- Inspector / Ranger
- Monitor 4
- RAD 100

NDT Reference Standards, Eddy Current & Ultrasonic Tooling

- Probes
- Standards
- Transducers

System Integration

Registered with

Malaysia Ministry of Finance (MOF)
