The Storage Choice For Wine Aficionados

Quality, Design and Innovation
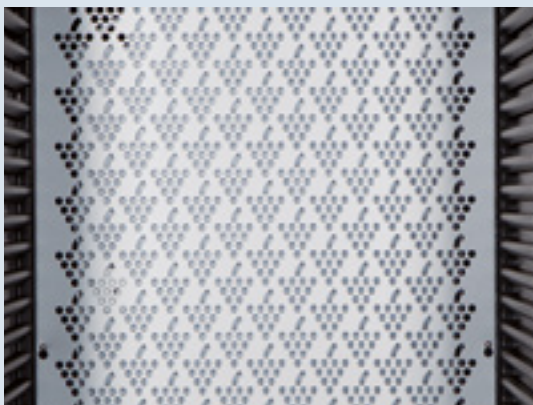

LIEBHERR

Recessed door handle: The **WKgb 4113**, with its elegantly designed recessed door handle, looks perfect in any home or restaurant. Meanwhile its insulated full-black glass door protects fine wines against UV radiation.

LED lighting: The integrated LED lighting in the wine cabinet interior ensures pleasant illumination and an optimum glance at your wine collection.

Optimum humidity: Liebherr wine cabinets guarantee an optimum humidity and this ensured the corks are supple in place whilst still allowing the wine to breathe in its maturing process.

The Barrique **WKgb 4113** wine cabinet provides climatic conditions similar to that of a wine cellar and is perfect for the long-term storage or maturing of fine wines. Interior temperature can be adjusted between +5°C to + 20°C. Our integrated activated carbon filter absorbs odours from the ambient air and prevents the taste of your wines from being impaired.

Additionally, the insulated full-black glass door also provides protection from UV radiation and preserves the quality of wine. With its elegantly designed recessed handle, this wine cabinet looks perfect in any home or restaurant. For added flexibility, optional accessories[1] are available for your selection.
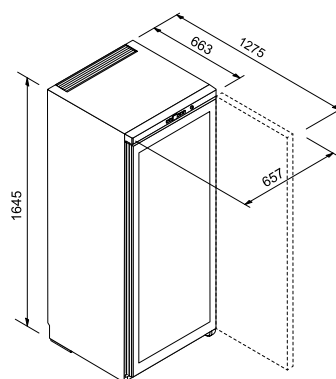

WKgb 4113 Barrique	LED	Wine

Energy consumption (kWh/y)	1570
Total capacity litre	293
Max No. of Bordeaux bottles (0.75l) **	168
Number of shelves	6
Shelves on telescopic rails	0
Shelf material	Beech wood shelves
Presentation shelf	0
Electronic control	LCD display, touch electronic
Temperature range °C	+5°C to +20°C
Temperature zones	1
Temperature alarm	Optical and audible
