BMI GCI Toscana® Warisan, Classic Elegance and Trusted Endurance

Toscana® Warisan is a new range in our Heritage Collection. A modern version of the classic high roll profile seen on roofs throughout Europe for centuries. It offers time-tested design, enhanced durability and improved leakproof performance with ingeniously designed double interlocking system.

EXCELLENT GEOMETRIC ACCURACY

- Each tile is placed in individual support during drying and then in H-Cassettes
- This prevents distortion and ensures dimension accuracy and consistency

HIGH TROPICAL RAIN RESISTANCE

- Precise and sharp contours offer dimensional stability to provide excellent leakproof performance
- Double interlocking system at the head and side of the tile ensures superb leak prevention in Malaysia tropical weather

SUPERIOR TILE STRENGTH & SURFACE COATING DURABILITY

- Each tile is fired at temperatures of more than 1,000°C
- It makes the tile extremely strong and its surface coating extra durable

TOSCANA® WARISAN COLOUR PALETTE

Natural Red

Satin Charcoal

Satin Graphite Grey

Satin Brown

The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.

PRODUCT & TECHNICAL DATA

Dimension	290mm (W) x 430mm (L)
Batten Spacing*	350mm (± 5mm)
Minimum Headlap	75mm - 85mm
Coverage	12pcs/m ² (base on 75mm headlap)
Weight	~3.85kg/pc
Minimum Pitch	20°

*Batten Spacing has to be calculated based on actual rafter length. The maximum rafter length span up to 6 meters at minimum roof pitch stated.

In view of innovation, the specifications are subject to change without any prior notice and in the event of such changes, BMI MONIER® shall ensure that the new specifications are equivalent if not better.
