THE EVOLUTION OF INNOVATION

GearWrench started when we developed a ratcheting wrench that stood up to professional environments

As more professionals began to use ratcheting wrenches, we spent time solving more access problems and introducing other wrench styles

Having success in wrenches, we began to integrate ratcheting mechanisms into screwdrivers and other traditionally non-ratcheting tools

Starting with the "Original" combination ratcheting wrench, we quickly expanded to stubby and double box as these were traditional non-ratcheting wrench configurations

The Reversible and Flex style wrenches were born from user feedback, with an eye for how to work in tight spaces.

By 2002, we had sold over 100 million wrenches and earned a name for producing the highest quality tools at a great value

GearWrench has received numerous industry awards for producing productivity tools such as GearPlier®, Magnetic Oil Drain Plug sockets, X-Beam Ratcheting Wrenches, & Indexing Pry Bars.

In 2006, GearWrench introduced the broadest line expansion in its history with the addition of award-winning ratchets, sockets, screwdrivers, pliers, and torque wrenches

GearWrench has continued to innovate products by adding productivity features to products like pry bars, hemostats, and tool boxes

INDUSTRY SOLUTIONS: *AUTOMOTIVE*

Simply put "time is money," and when technicians can get the job done faster than the industry standard, that's more money in their pockets. We are passionate about producing tools that focus on productivity, and doing more with less. That's why our innovative tools have been trusted by more professional technicians to "GET IT DONE."

INDUSTRY SOLUTIONS: *INDUSTRIAL & COMMERCIAL*

In today's industrial environment, mechanics rely on their tools to keep critical equipment operating with as little down time as possible. With manufacturing plants in 3 countries including the United States, GearWrench understands how critical it is to have the highest quality standards for manufacturing and the importance of dependable tools for the industry.

With nearly three thousand individual SKU's, GearWrench has one of the broadest and most complete professional hand tool lines in the market. We offer tools ranging from the precise to the nearly indestructible. No matter the industry you find yourself in, GearWrench has the tools to fit your needs.

INDUSTRY SOLUTIONS: *TECH ED PROGRAM*

Starting a new career can be one of the most nerve racking experiences in a person's life. For a mechanic or a technician, starting out can be especially tough when making that initial investment in the tools necessary to make a living in the future. GearWrench and our Technical Educational Program (TEP) can help ease that anxiety. We work with the leading instructors, institutions, and OEM manufacturers to ensure that when a student purchases a GearWrench TEP kit from an authorized distributor, they have the right tools for the job from day one, all without putting the student into severe debt. The bottom line is GearWrench provides students with fully featured products at a significant value.

MERCHANDISE

Image is everything, and at GearWrench. we don't disappoint. We offer a full assortment of hats, t-shirts, jackets, decals, polos, key chains, and much more. Visit our store at www.gearwrenchmerchandise.com for the latest updates and to view and purchase our complete selection.

Check out the many motosports and racing events we participate in by visiting www.gearwrench.com for event dates.

GEARWRENCH MOTORSPORTS

Put your money where your mouth is. That's quite a motto, but it symbolizes exactly how GearWrench has approached professional motorsports. NASCAR®, Sports Car Clubs of America (SCCA), and amateur drag, drifting, and motorcross are all part of GearWrench's motorsports program.

We view professional motorsports as much more than a car going fast around a track with our logo on the side. We partner with the drivers and just as importantly, the pit crews who use our tools to keep their cars in top shape and at top speed. This partnership allows some of the industry's most discerning tool users to push GearWrench tools to the limits and help us improve the tools for you. We get valuable tool ideas from racers daily and that's one of the many ways we come up with so many new innovative tool ideas.

Visit our website www.gearwrench.com for the latest news, product reviews, and information on what we're up to. One of the best ways to stay informed is to sign up for our newsletter. Its fast, easy, and private - and a great way to stay in the know on what we're doing.
