

ULTRACOMP

UASS Premium Series SCREW COMPRESSOR

The Most Economic High Quality
& Reliable Compressor

- UASS Premium Series
 - DIRECT DRIVE
 - PERMANENT MAGNET INVERTER
- 7.5kw to 132kw

UASS Premium Series
produced by one of the
world's largest manufactures
of compressed air equipment

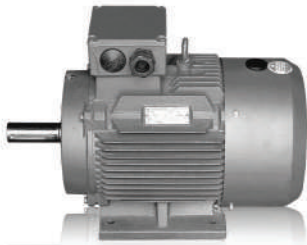

Air End - Rotor

SKK series rotor profiles originated in US but on by Kaishan Compressor. SKK series air end is our time proven rotary screw air end. The precision machined air end increases the reliability and operating life.

Superior Filtration System

- Ultra efficient inlet air filters provide clean air that traps dirt particles to less than 3 microns.
- Easy spin on oil filters.
- Pressure differential gauges for easy filter maintenance.

New generation high efficiency motor
Direct coupling design for extended bearing life.
Easy maintenance with grease refill port.

Integrated Microprocessor Controller

Easy to use and maintenance free.
Constant readout of pressure and temperature.
Selective readout of all operating and maintenance parameters. Safety shutdown and provides 24 hours automatic start-stop operation.
