

ENVIRO-DUO-OS

Item Number 4687035

The powerful ENVIRO-DUO-OS guarantees a smooth recovery and filling process, which is equally stable throughout the entire process thanks to the air-cooled two-piston compressor. The unit is controlled with a single button and safely extracts all common refrigerants up to and **including A2L class**. The integrated oil separator prevents compressor oil from entering the refrigerant bottle during the extraction process.

- Powerful Compressor
- Oil- and maintenance-free compressor
- With oil separator
- Equipped with overfill protection (80%) and self-cleaning mode
- Easy filter change
- Low pressure sensor can be switched off
- Special compartment for moisture filter
- Factory revision and extensive spare parts available
