

TECH PAC

19.5" H X 13" W X 10" D | **WT: 10 LBS** | **VOL: 1550 IN³** | **MAX PAYLOAD: 50 LBS**
 (49.5cm H X 33cm W X 25cm D) (4.5 KG) (25 L) (23 KG)

The TECH PAC is the first backpack tool bag designed specifically for professional tradesmen who need to climb ladders or walk long distances. The bag includes Veto's patented center panel, rugged construction, and stabilizing injection molded waterproof base to keep tools dry even in the worst conditions. With 46 pockets inside and out, the TECH PAC offers ample room for hand tools, meters, parts boxes, cordless drills and impact drivers, as well as other bulkier items such as manifold gauges, hoses, cable wires and even a 7" X 10" pocket for a tablet or small laptop. With a thermo-formed EVA padded back panel, padded load-displacing adjustable shoulder strap system, and an ergonomic TPR rubber grip, this favorite is also made for comfort.
