WT: 1.8 LBS (.8 KG)

VOL: 132 IN³ (2.2 L)

MAX PAYLOAD: 10 LBS (4.5 KG)

The DP3 is a multi-functional pouch designed to function as both a drill holster and tool pouch. With 17 interior and exterior pockets, this pouch can hold a variety of tools. Featuring a pass-through drill holster, the pouch can accommodate most drill sizes with any size drill bit needed to get the job done. This pouch includes our removable and Repositionable Belt Clip (RBC) that is attached to the molle-strap on the back. The RBC can be used to attach the DP3 to a belt or larger tool bag. This pouch also has a stable, soft-sided synthetic rubber-lined base that allows it to stand up on its own. Whether you prefer to travel lightweight or need a quick grab-bag for a service call or some extra storage for your current tool bag, this versatile pouch is a great addition to your tool storage arsenal.
