

Grain Moisture Meter LDS-1H

Features:

- Comes with weighing function.
- With calibration function.
- Measurement results are displayed in a variety of ways.
- 3min automatic shutdown.
- High-precision measurement.
- Matching power socket, battery can also be installed.

Technical Parameter:

Measure Error	$\leq \pm 0.5\%$ (main moisture range)
Measure Range	3%–35%
Measure Time	≤ 10 s
Sampling Mode	Basis weight 150 g (except special samples)
Repetitive Error	$\leq 0.2\%$
Power	4 AA dry batteries
Temperature Compensation	Automatic
Calibration	Floating 3-point calibration; unlimited samples (common varieties pre-calibrated and can be tested directly)

Testing Vegetable Seeds

Species Name	Species Code	Species Name	Species Code
Round shaped paddy	P1	Rapeseeds meal	P11
Soybean	P2	Grain forage	P12
Wheat	P3	Sunflower seeds	P13
Rapeseed	P4	Big watermelon seeds	P14
Maize	P5	Small watermelon seeds	P15
Barley	P6	Carrot seeds	P16
Long shaped paddy	P7	Black sesame	P17
Rice	P8	Yellow sesame	P18
Soybean meal	P9	Cotton seeds	P19
Peanut	P10	Cotton meal	P20
