B1. Review of Performance For The Current Quarter VS. Corresponding Quarter of the Preceding Financial Year

For the quarter under review, the Company recorded a revenue of RM12.24 million and a profit after tax of RM0.48 million, as compared with the revenue of RM4.28 million and a loss after tax of RM11.36 million in the corresponding quarter of preceding financial year.

The 186% increase in revenue compared to preceding quarter was supported by the recovery of the outdoor advertising spend and demand, as well as the enlarged inventory due to the successful implementation of business transformation plan.

Higher cost of sale was in line with increase in sales activities compared to preceding quarter. Higher administrative expense was mainly due to an increase in payroll expenses and consolidation of acquired companies.

The quarter under review also registered an one-off loss from derecognition of investment in associate company, NSSB, amounting to RM1.81 million, which was reflected in other operating expenses

B2. Review of Performance for the Current Year VS. Preceding Year

In the year under review, the Company recorded a revenue of RM37.85 million, as compared to RM8.75 million in the preceding year. The 333% year-on-year ("yoy") increase was supported by the recovery of demand for outdoor advertising as well as the successful implementation of business transformation plan which enabled the group to offer more comprehensive solutions through an enlarged inventory. Meanwhile, profit after tax in the period under review was RM 7.21 million, as opposed to loss after tax of RM17.21 million in the preceding year.
