**AVG Golf Putting Greens** are designed specifically for golf courses and ranges. It features high-intensity and rotational freedom, allowing for a realistic golf ball traction and roll.

**AVG Golf Putting Greens** also designed to be thick and solid, providing a durable surface that can withstand heavy foot traffic and weather conditions. Additionally, **AVG Golf Putting Greens** is a non-infill product, which means that it does not require any additional infill materials to be added to the surface.

**AVG Golf Putting Greens** has a natural look and feel due to its incorporation of golf standard grass curled fibers and evergreens. Its easy maintenance requirements make it an appealing choice for golf course and range managers who want to minimize upkeep time and expenses.

## PREMIER TURF ARTIFICIAL GRASS IN MODERN LIVING

### Warranties:

5-year Carpet Residential Wear Warranty & Lifetime Antishock Carpet Warranty.

Ideal for Swimming Pool Borders, Landscape Decoration, Exhibitions, Displays, Outdoors uses, Nautical uses.

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. Where seaming is necessary, a seam sealant must be used for all such installations. Due to dyelot variations, actual material may vary slightly from the samples.

### Performance:

**100% Solution Dyed Synthetic** : Extremely hardwearing, Waterproof and Abrasion Resistant Fibre.

**Draining Latex** : Mildew Proof, Rot Proof, Excellent Dimensional Stability, most suitable for outdoor use and for all types of weather.

**U/V Stabilized** : Chemically Treated to provide maximum protection against fading from ultra violet sunlight.

**Solution Dyed** : For Excellent Colourfastness.
