Cable Lockouts

Cable lockouts provide a number of advantages. Because of their construction, cable lockouts can be used in a variety of applications locking out multiple disconnects and valves. They are also a great option for lockout of unusual energy isolating devices that cannot be effectively locked out by a traditional device. This versatility combined with ultimate portability makes cable lockout devices a great addition to any lockout tagout program.

new

Compact Cable Padlocks

- Compact 1.31"x1.25" nylon body with either 7.87" or 15.75" elongated, flexible cable as the shackle
- Allows you to secure breaker and still close the panel door
- Flexible cable means you can angle and twist padlock or lockout multiple energy isolation points with one lock

Color	Cable Length	1 Pack Keyed Different	6 Pack Keyed Alike
Red	Short 7.87" (20 cm)	146120	146128
