Energy Source Tags

Energy Source Tags

Energy source tags can be used to mark your facility's points of control for energy sources. These tags help make the lockout process quicker, safer and easier.

These energy source tags are made of plastic and available with color coded and alpha numeric options. A variety of pre-printed energy source tags are available or they can be customized to meet your specific application.

- 1.5" x 3" tags are constructed with B-401 Rigid Plastic

- Rounded corners and one hole included

Energy Source Tag Guide

Brady offers a number of options based on your needs. Use the guide below to ensure that you are selecting the appropriate tag based on your application.

Abbr.	Color	Energy Source	Number of Energy Points*
CP	Orange on White	Control Panel	1 thru 5
E	Red on White	Electrical	1 thru 5
G	Purple on White	Gas	1 thru 5
V	Black on White	Valve	1 thru 5
W	White on Green	Water	1 thru 5
S	White on Red	Steam	1 thru 5
S	Black on Orange	Steam	1 thru 5
P	White on Blue	Pneumatic / Air	1 thru 5

* Choice of numbers supports machines with multiple energy points.

Contact Brady to order custom energy source tags!

Lockout Tagout

Lockout Tags

OSHA Lockout Tagout Regulations

The following requirements apply only to tags used as tagout devices (i.e., tags used alone without locks). Tags used in combination with locks are not required to meet the same restrictions as tagout devices.

Tagout devices must:

- Be provided by the employer
- Be standardized by size, shape or color
- Be distinguishable from tags used for other purposes
- Be understandable to all employees
- Identify the individual who applied the tag
- Withstand the usage environment to which they are exposed for the maximum period of time that exposure is intended. Tag should not deteriorate or the message become illegible when exposed to weather, wet or damp conditions, chemical or corrosive environments.

- Employ a means of attachment that is substantial enough to prevent accidental removal. The means of attachment must be of a non-reusable type, attachable by hand, self-locking, and non-releasable with a minimum unlocking strength of no less than 50 pounds.
- Warn against hazardous conditions if the machine or equipment is energized.
- Tag shall also include a legend such as the following: Do Not Operate, Do Not Start, Do Not Open, Do Not Close, etc.

Standard Lockout Tags

Communicate safety and lockout information at the point of need with Brady's wide selection of OSHA-compliant Lockout Tagout tags. Brady's Lockout Tags come in a variety of materials and legends to suit your application needs.

How to Order Tags

1. Select from the materials below based on your application
2. Choose the tag legend for your tag
3. Order by part number for desired reverse side legend

Available Tag Materials:

Heavy Duty Polyester (B-837)

- Durable polyester laminate completely encapsulates and protects graphics
- Designed to withstand moisture, grease, chemicals and extreme temperatures
- Accepts pencil, pen and marker. Pen and marker can be completely erased using isopropyl alcohol
- Exceeds OSHA pull requirement withstanding up to 80 lbs of pull force
- 3/8" dia. heavy-duty brass grommet
- Includes OSHA-compliant nylon fasteners
- 2 year outdoor fade resistance

Economy Polyester (B-851)

- Rigid polyester surface is easy to write on and stays legible longer than cardstock
- Exceeds OSHA 50 lb. pull requirement for tagout devices
- 3/8" dia. rolled brass eyelet accepts most padlock shackles
- Includes OSHA-compliant nylon fasteners
- Provides good outdoor UV resistance
- 3-5 year outdoor fade resistance

Cardstock (B-853)

- Cost-effective tags designed for one-time use
- Does NOT meet OSHA 50 lb. pull test for tagout devices, but can be used in conjunction with locks (see OSHA Tag Requirements above)
- 3/8" dia. rolled brass eyelet accepts most padlock shackles
- Includes attachment strings

Reverse Side G — PELIGRO — ¡NO HACER FUNCIONAR! NOMBRE: FECHA:
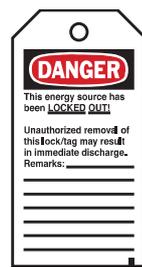

Lockout Tags

Two-Part Perforated Tags

- Two-part tags provide operational control and record-keeping. Stub is removed when tag is attached. Only the employee in possession of the stub has the authority to remove the tag. After the job is done, stub is returned to management for verification and monitoring of Lockout Tagout activity in the plant. Matching identification numbers are printed on each part.

- B-851 - Economy Polyester tags are durable 10 mil-thick polyester making it easy to remove chemicals, grease and grime. Suitable for indoor or outdoor use. 3-5 year outdoor fade resistance. Nylon ties included.
- B-853 - Cardstock tags provide an economical, yet durable material option. Attachement strings included.
