Agnes Leong**

Began to be curious about energy medicine from a Japanese at the age of 15. However, when I was young, I just had a playful mentality. It was not until my mother passed away suddenly and my family began to get sick that I started to study natural medicine and energy medicine in depth. Now she is a senior energy physician certified by the Malaysian Ministry of Health, a Malaysian vocational training officer VTO, and a physician and instructor of many international energy medicines. Researched Energy Medicine for over 23 years. It is the 6th year that the pioneering treatment center has accumulated hundreds of cases and created many wonderful miraculous effects. Now 54 years old, she has a wealth of life experience and has a more in-depth experience in energy medicine. She will bring extraordinary learning and experience to the students.

Energy Medicine Professional Course (Level 1-3)

Although the course is focused on teaching the universal life energy (Reiki), an energy medicine method origin from Japan.

But the content is not limited to Reiki knowledge. The teacher will add more knowledge (Quantum Medicine) that is helpful to the students, in order to help the students achieve the best healing effect or learning progress. A number of scientific research and clinical trials are also included in the course to allow students to fully understand and correctly use energy medicine. Students will experience various healing techniques first-hand. Many internships and practical case sharing are also arranged.

Every stage will brings you unexpected surprises!
