Quality egg pasta rooted in Italian traditions. Crafted with bronze die, it's made from a delicious combination of selected durum wheat and 100% fresh barn eggs. Rich in taste and rough in texture, it perfectly captures any sauce.

Voello pasta is known for its distinctive rough and porous surface, achieved through the use of bronze dies during production. This texture helps the pasta hold sauces exceptionally well, enhancing the overall taste and flavor of the dish. The rough surface is a result of the traditional bronze die pressing technique, which creates a more porous pasta than those made with Teflon dies. This allows the pasta to better absorb sauces, resulting in a more flavorful eating experience.
