

ASHFLEX

BLACK AIR HOSE 20 BAR

Black Air Hose is a durable, flexible hose designed for the efficient transfer of compressed air and non-potable water in a wide range of industrial and construction environments.

COMMON APPLICATION

Black Air Hose is a durable, flexible hose designed for the efficient transfer of compressed air and non-potable water in a wide range of industrial and construction environments.

TYPICAL APPLICATIONS

- ✓ Compressed air supply for pneumatic tools and machinery
- ✓ Air lines for automotive workshops and service stations
- ✓ Construction site air and water delivery
- ✓ Industrial cleaning and washdown
- ✓ Temporary non-potable water transfer in maintenance work

KEY FEATURES

REINFORCEMENT

Multiple layers of high tensile synthetic textile reinforced

COVER

Black colour of SBR synthetic rubber, smooth surface

INNER TUBE

Black colour of SBR compound

WORKING PRESSURE

Constant Pressure
20 Bar / 300 PSI

TEMPERATURE RANGE

-20°C to +80°C

SAFETY FACTOR

3 : 1

SPECIFICATIONS
