

ASHFLEX

MASTER AIR HOSE 20 BAR

The Master Air Hose is a premium - quality, heavy - duty hose designed for the transfer of compressed air in a wide range of industrial, construction, mining, and workshop applications.

COMMON APPLICATION

The Master Air Hose is a premium - quality, heavy - duty hose designed for the transfer of compressed air in a wide range of industrial, construction, mining, and workshop applications.

TYPICAL APPLICATIONS

- ✓ Air supply for pneumatic tools (impact wrenches, drills, grinders)
- ✓ Industrial air compressor systems
- ✓ Mining and quarry air line operations
- ✓ Construction site air delivery
- ✓ Air - operated machinery in manufacturing plants

KEY FEATURES

 <p>REINFORCEMENT High tensile synthetic yarn</p>	 <p>COVER Black colour of SBR blend compound</p>	 <p>INNER TUBE Black colour of EPDM blend compound</p>	 <p>WORKING PRESSURE Constant Pressure 20 Bar / 300 PSI</p>	 <p>TEMPERATURE RANGE -20°C to +80°C</p>	 <p>SAFETY FACTOR 3 : 1</p>
---	--	--	---	--	---

NOTE
Not recommended for breathing air applications. Always ensure the hose is rated for the specific working pressure of your system and keep it free from oil contamination unless designed for oil mist resistance.
