

IG 302S MMA DC Inverter

Quick Specs

High Duty Industrial Applications

Suitable for military industry,
Steel structure factory
Petroleum Industry
Shipbuilding,
Other large enterprise
Maintenance

Process Mode: MMA DC INVERTER

Technical Data:

Power supply : 240V 1Ph
Frequency : 50/60 (Hz)
OCV : 64
Rated Input : 11.6 KVA
Rated output voltage : 30 V
Rated Output Current : 250 A

Duty cycle : 60%
Efficiency : 0.85
Power factor : 0.76
Insulation grade : B
Protection grade : IP 21S
Net Weight : 13 Kg
Dimensions : 560x430x510 mm

* Cover with LED panel

Complete Package
comes with

- * Electrode Holder 2M
- * Earth clamp 2M

Features :-

Extra Function : Automatic arc force, hot start & anti-stick for greater control and ease of use.

Weight : Low weight and versatility.

Protections : Equipped with temperature, voltage and current sensor for high protection.

Generator friendly : Designed to work with diesel generators and to avoid failures due to its voltage spikes.

Digital display : Digital current display meter for accurate pre-setting and feedback of welding parameters & output.

* Cover with LED panel

TOTAL WELDING SOLUTIONS

Manufactured by :

WELDING INDUSTRIES (M) SDN BHD

Sole Distributor:

LOGLIFE WELD SDN BHD
