

BRAND : HTEC

Microscope Storage Cabinets HMS-55

MODEL : HMS-55

Description:

Equipment : Microscope Storage Cabinet

Humidity range : 40% to 60%

Display : Digital to 1% RH

Capacity : For 16 microscope

Key Features:

- UV Lamp use to reduce fungus growth and reduce humidity inhibiting mould.
- Hepa filter removes particles >0.5 microns and sterilisation chamber kills all active micro-organisms in the air including fungus and mould.
- Door with fan switch - stop circulation fan when door is open, reduces temperature fluctuation.
- User friendly control panel
- Equipment come with door lock

Specifications

MODEL	HMS-55
Humidity range (selectable)	40% to 60% in 1% increment
Cabinet construction	Powder-coated mild steel body with stainless steel shelves
Capacity	This microscope storage cabinets are designed for storage of 16 microscopes of dimensions (mm) : 220W x 300D x 350H OR for storage of 16 microscopes of dimensions (mm) : 300W x 350D x 390H
Control system	Microprocessor temperature controller automatically controls temperature to achieve the required humidity
Display of humidity	Digital, in percentage of relative humidity (% RH)
Air circulation	Aided by circulation fan
Memory	With back-up memory in controller. Settings will not change when power resumes after power failure
Door type	Double glass doors
No. of shelves supplied	3 units
Shelf dimensions (mm)	845W x 635D x 20H
Interior dimensions (mm)	852W x 687D x 1626H
Exterior dimensions (mm)	925W x 750D x 1900H
Heater system	By means of low watt heater
Electrical	220 - 240 VAC, 50 Hz
Weight	145 kg
