产品特点

Product features

- 采用气动驱动，大大降低劳动强度及提高工作效率高；
- 机型美观，小巧，主要适合烫印商标等小面积烫画，方便移动。
- 根据用户需求可定做下加热或上下加热。
- Pneumatic type, Saving labor and improving work efficiency.
- Good and small appearance, It mainly be used for label and small mark.
- Up heating and down heating can be produced according to customer's requests.

产品特点

Product features

- 高效率容易操作，减少操作者疲劳
- 结构简单，极少维修。
- 快速、顺畅等性能。
- 重量轻巧易于移动。
- 气缸轴配有止转的导杆使工作更精准
- High efficiency and easy to operate, reduce operator fatigue
- Simple structure, very little maintenance.
- Fast, smooth and other performance.
- Light weight easy to move
- The cylinder shaft is equipped with a stop-and-roll guide to make the work more accurate.
