

KU20-2C KU30-2B

双工位气动热压烫画机

Double sitation computer heat transfer machine

产品特点 Product features

- 两套工作板，温度时间压力单独控制。
- 上下加热 模具可以更换。
- 一个人操作两个工作台非常的高效。
- 模具大小可以订制。
- 压力稳定，可随意调节。
- Two sets working plate. The temperature and time and pressure are individually controlled.
- Up and down heating. you can change the mould .
- It is very efficient to operate two workstations by one person.
- The size can be customized.
- The working pressure is stable and can be adjusted according to the requirement.

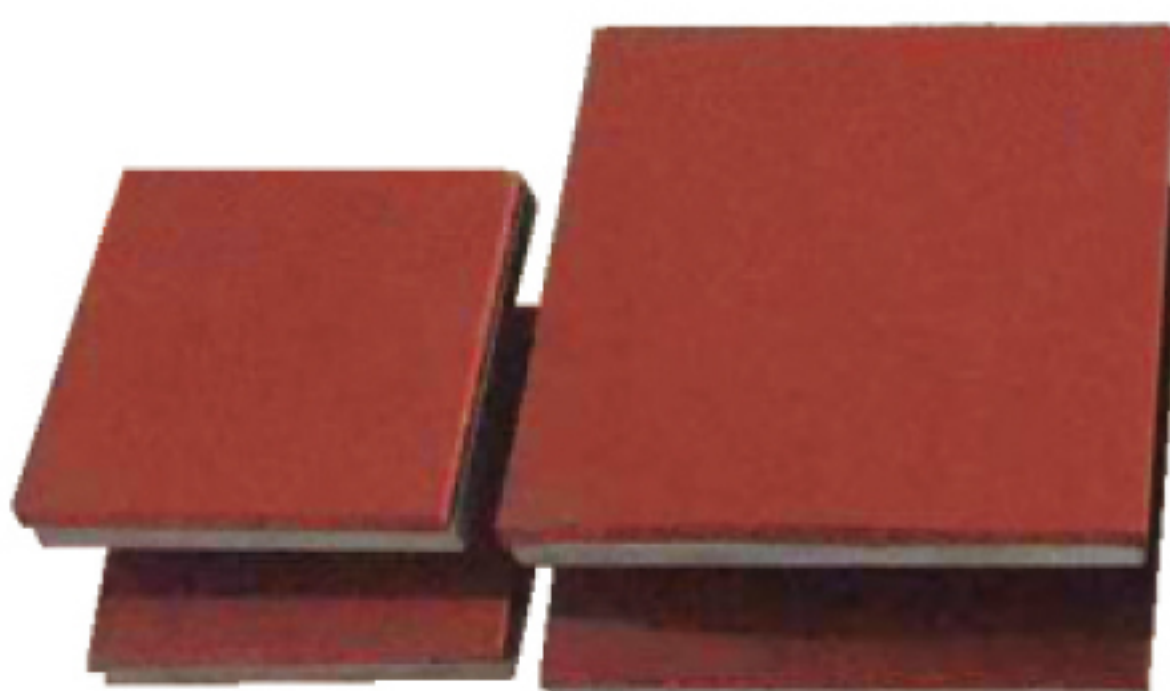

● KU20-2C

上下加热双工位气动热压烫画机
up and down heating Double sitation computer heat transfer machine

● KU30-2B

双工位气动热压烫画机
Double sitation computer heat transfer machine

Down plate
12x12cm(2pcs)

Down plate
25x25cm(2pcs)

产品特点 Product features

- 机器尺寸为：30X30CM，另外配两套下模具 12X12CM(2块) 和25X25CM (2块) (可以根据客户要求订做不同尺寸)
- 下模具可以随意更换，非常简单方便。
- Machine size: 30X30CM with two additional down plate 12X12CM(2pcs) and 25X25CM (2pcs) it is very easy to change the down plate .
- Pressure and temperature can be adjusted.

技术参数 Technical parameters
