DINTEK Heavy Duty RJ45 Crimp Tool

This heavy duty modular crimping tool makes terminating communications cabling plugs easy. As an all-in-one tool, it lets you easily terminate RJ45, RJ12 and RJ11 plugs with paired-conductor cables for voice and data applications. Trim and strip cords with precision in one motion, for consistent, high quality connections. The tool includes two crimping slots suitable for 6 and 8 position modular plugs. It features a light weight Zinc Alloy frame giving high strength, a safety blade guard, and comfort grip handles that helps reduce fatigue.

Applications

- Terminating stranded and solid wire cables
- Terminating RJ11, RJ12 Telecoms Style Plugs
- Terminating RJ45 Data Communications Plugs

Features

- Works With Solid & Stranded style cables
- Black oxide finish for superior durability
- Lightweight Zinc Alloy Frame
- High quality ratchet action
- Safety blade guard
- Comfort grip handles
