

# ViVOS Smart App

Most User Friendly App in Malaysia

## ViVOS APP

is an alarm system smart management program. It only needs a QR scan in the registration process and super easy setup too. Then, you are all set and good to go with this APP.

### Features include:

- Arm/Disarm
- SOS button
- Bypass/Restore
- Siren ON/OFF
- Instant push notification
- Switch ON/OFF light
- Live System Health Check
- Event-log
- Zone (OPEN/CLOSE/BYPASSED/ALARM) status
- Support partitions

Note: The ViVOS app requires a **ViVOS IOT** product to work (sold separately).
